HIPPODROMIANA.-Much amusement was esused vesterday afternoon by the queer behaviour of one of the monkeys, who, after the race in which these new fangled jockies appear, managed to get away, and very comfortably ensconced himself on a seat in the portion set apart for the colored folks. Here Jocko sat down, in his red coat and bare breeched. as if he was one of the spectators, determined to make himself at home, and to have a look at what was going on, no doubt convinced that it was far more agreeable to be a looker on than an actor on the course. So intent was Jocko, that he made no attempt to escape when the keeper came up, and he was quickly se-

At last tired out, and half dead with fright, he took refuge in the inner circle, where he remained for some time, panting and breathless, and at last was driven out by one of the atendants.

We met our friend Robertson, the editor of the "Truth," yesterday evening, and inquired how he liked the Hippodrome. His reply was characteristic. He defined it to be half mena-

gerie, half circus, and half a collection of wild beests. He forgot the monkeys. The performances last night, went off with much eclat. There must have been about five thousand spectators, and it was quite a spectacle to see them pouring out of the vast tent

at the close of the performance. On Sunday last, the Hippodrome was de-nounced from several of the pulpits; the big tom. tent forming an excellent figure of speech for the divines to extemporize upon.

TEMPERANCE MEETING.—Yesterday evening, a meeting of the Sonsof Rechab, recently organized in the Seventh Ward, was held at the Presbyterian Church, on Sixth street, (Island,) when, after an impressive prayer by the Rev. Mason Noble, the meeting was addressed by Mr. C. W. Fenton, the above named minister, and Mr. Wm. R. McLean, D. P. C. R of the Order of Rechabites. Musical.-The first rehearsal of the Union Choir Association took place last evening, in the Devil.' the Foundery Church, and the attendance was large, nine or ten church choirs being very fully represented. The exercises commenced with the singing of a hymn, and prayer by the Rev. Mr. Phelps. Several choruses were sung with fine effect, interspersed with quartettes by different choirs. The services were of a most delightful character, and the choruses were rendered with an effect truly sublime. The immense volume of tone from the congregated assemblage, consisting of about one hundred and fifty singers, produced a feeling not soon forgotten, and more especially when the doxology was sung to that gfand old tune, "Old Hundred." The meeting adjourned, at an sacred music in this city; and it is earnestly Blacking, &c, with a fresh and well assorted stock desired by the Board of Managers that every of Medicines, Chemicals, Instruments, &c., just re Act authorizing the purchase of lot No. 68, choir in the city of Washington will join th Association. The difficulty originated from a bill the Dector presented Wilson for attending his horse, and which he refused to pay. The Doctor commenced an operation on Wilson with a stick, and both parties were well whipped. Wilson cut the Doctor severely with a bottle. Justice Donn held both to bail for Court.

> BROUGHT BACK .- Two of the marines that deserted from the barracks here on Saturday last, were caught again on the succeeding day by Major Reynolds, at about twenty miles off on the Baltimore and Washington Railroad and brought back to their old quarters.

> CASE DISMISSED .- This morning, a colored girl named Ann Harrison, was taken before Justice Smith charged with attempting to set fire to a house and threatening to kill the inmates. The testimony of the prosecuting witness would have proven the act as charged, but several witnesses swore there was no at-tempt to fire the house, that the smoke was caused by the stove, the pipe having been re-moved. Justice Smith dismissed the case and released the prisoner.

As a Spring and Summer Medicine CARTER's SPANISH MIXTURE stands pre-eminent above all others. Its singularly efficacious action on the blood; its strengthening and vivifying qualities, its tonic action on the Liver, its tendency to drive all humors to the surface, thereby cleaning the system according to Nature's own prescription; its harmless, and at the same time extraordinary good effects, and the number of cures testified to by many of the most respectable citizens of Richmond, Va., and elsewhere, must be conclusive evidence that there is no humbug about it. The trial of a single bottle will satisfy the most sceptical of its benefits.

REFRIGERATORS! LEFRIGERATORS!! WHE attention of househeepers is called to Farsou's Universal Stone Jar Refrigerator, with Waterman's Patent Ventilator, as being decidedly the very best Refrigerator now in use. It is so arranged that each article of food or provisions is kept entirely separate, and removed with facility. A current of cold air is in constant circulation around each vessel and within each apartment; while by a simple ventilating contrivance, the complete purity of the contents is insured. The combined "dvantages of the Refrigerator render them the most complete and economical ever offered to the public. They are warranted to give satisfaction to purchas rs if properly managed.
